WHO IS BRIAN NATHAN?

A New Call to Serve

Brian Nathan has spent his life serving his country, his community, and the working families of Florida. Now he's ready to take that fight to the State Senate.

A Life of Service

Brian Nathan is a proud Navy veteran. He met his wife Tonia, an Orlando native, while both were serving their country. In 2008 Brian & Tonia chose Tampa as their home. They pursued their education, built their lives together, and started their family in Hillsborough County.

Working Across the Sunshine State

As a member of the International Brotherhood of Electrical Workers (IBEW), Brian has worked in communities across Florida. From military bases in the Panhandle to power stations close to home, he has served as an apprentice, electrician, and foreman. He has spent countless hours working in the sun and rain, always committed to getting the job done.

Stepping Up to Lead

Brian has been a proud member of his union for nearly ten years, joining after he graduated as a Journeyman. In 2022, Brian answered the call to serve again, joining the leadership team of IBEW Local 915. In this role, he fights every day to improve the lives of all electrical workers—union and non-union alike. He advocates for safer work sites, higher wages, stronger benefits, and access to training that helps workers excel in their craft.

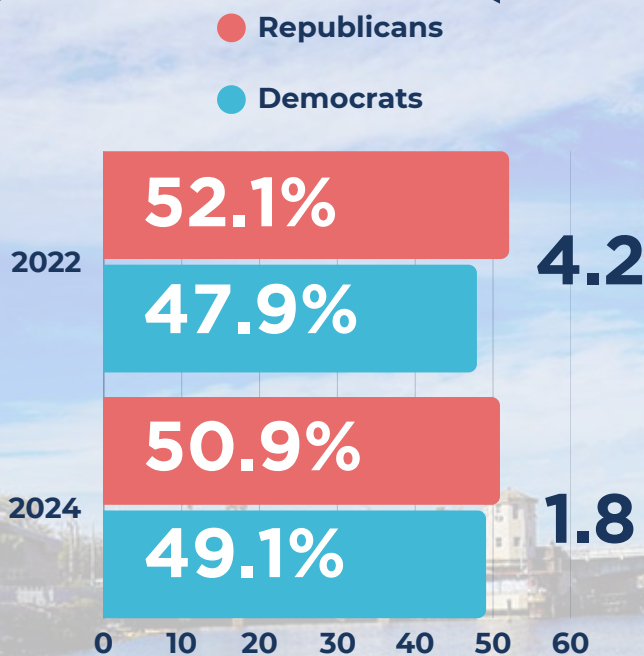

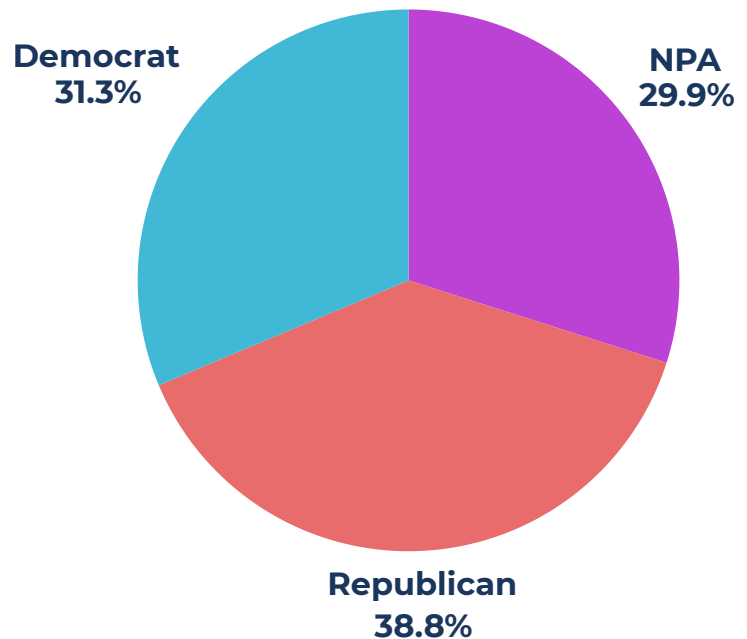

A SEAT WE CAN WIN

The Blue Wave Bounce

Democrats are overperforming in 2025 Special Elections by:

11.9
points

District Voter Registration

Voters with no party affiliation (NPA) are nearly 30% of all voters in this district. The key question is how those NPA votes will land.

Looking at the last two congressional cycles, precinct-level results inside this district show a remarkably tight pattern: Democrats finish within just 1.8 to 4.2 points of Republicans.

ENGAGING OUR VOTERS

Victory in this Special Election depends on generating turnout: reaching our voters and motivating them to take action.

Brian Nathan's authentic, unifying presence makes that possible.

And with significant veteran and union populations in the district, we have a real opportunity to earn crossover support from voters who want one of their own fighting for them.

The Strategy

- **Focus on direct voter communication via phone, text, community events, and canvassing.**
- **Highlight Brian's ties to the district; specifically as a union leader, Navy veteran, and father of two daughters.**
- **Drive higher turnout among our base and activate volunteers with Blue Wave momentum.**
